

MODULA CLAY DOUBLE ROMAN

Whether it's renovation or new build projects, the Modula Clay Double Roman can be installed quickly and efficiently with a cover width of 300mm.

The Modula clay double roman is a New Generation clay tile that brings the ease and speed of installation of a concrete tile, while offering the aesthetics that only natural clay can bring.

- The Modula's large format gives a covering capacity that matches the largest concrete roof tiles
- Open gauge design ensures Modula is as fast and efficient to install as its concrete equivalent
- Available in two colors: Natural Red+ & Chilton Red
- Only 9.7 tiles per square metre
- Minimum pitch of 17.5°
- Manufactured in energy efficient kilns to comply with the requirements of BS EN 1304
