

wienerberger benefits

What is wienerberger benefits?

An online platform dedicated to supporting branch managers and their staff with the added benefits of online product training and rewards activities. Once registered you'll find key resources, bitesize training and wienerberger's latest product updates all in one place.

Who is wienerberger benefits for?

Anyone and everyone that works in a brick, roof or general merchant selling applicable wienerberger products.

What can I do on wienerberger benefits?

Bitesize Training – we'll be regularly adding short courses to help you better understand our products and help your customers.

Key Resources - Find all the essential items you need as a customer of wienerberger. Including: up to date product related news, brochures and price guides.

Points mean prizes – Your activity online and with our sales teams earns points that can be spent on a range of rewards.

How do I sign up?

For you to be able to register for a wienerberger benefits account, your **Branch Manager** needs to be registered **first**.

A Branch Manager of a merchant can register by either getting in touch with their Area Sales Manager or by visiting **www.wienerbergerbenefits.co.uk** and clicking 'Register Now'.

From then a Branch Manager's registration will be sent for approval to our team and the account will be approved within 3 working days. Once approved you will be sent an email invite so you can login for the first time. You are unable to login until you have received the email invite!

Once a Branch Manager has been approved, they can login and invite all their branch staff by inputting their name and email address through the '**Invite your team**' tab on the homepage.

What rewards can I earn?

Earn points and spend. Build up your points by doing activities and unlocking 'Badges'. You can also earn points by doing activities with your local area sales manager. From food and drink vouchers, through to live experiences, simply spend your points in our exclusive rewards catalogue on the platform.
