

THE NEW ARCADIA PANTILE

NEW AND IMPROVED DESIGN.
SAME BEAUTIFUL AESTHETIC.

With less tiles per sqm and a better tile to batten fit, the new and improved Arcadia Pantile combines speedier installation with the same beautiful heritage appearance as the original.

Wienerberger

Sandtoft

Manufactured at our specialist pantile factory in Belgium, the new version of this traditional classic makes no compromises and maintains the same aesthetics of the original tile, whilst achieving an impressive 17.2 tiles per sqm versus the previous 17.6 tiles per sqm. This in turn brings a number of benefits:

Save time and labour costs with less tiles to lay

With an improved batten to tile fit, the new version is both easier to lay and more stable when positioned on the roof

Our new pantile comes with more robust packaging than ever, better protecting your product on transit or on site

Technical details:

Minimum roof pitch	30°
Headlap (minimum)	75 mm
Batten spacing at max. gauge	290 mm
Size of tile	365 x 250 mm
Covering capacity at max. gauge	17.2 tiles per m ²
