## INTRODUCING THE DANUM TLE SOLUTION

The new thin leading-edge  
concrete roof tile, where  
premium meets practical.

Accompanied by a range of new  
and existing innovative systems, the  
Danum TLE is more than just a roof  
tile; it's a complete roof solution.

## Danum TLE Tile

The new Danum TLE tile combines a premium appearance with practical improvements.

- Thin leading edge aesthetic.
- Re-designed interlock gives improved 4mm of shunt.
- Re-designed locking bar provides added strength.

**Minimum Pitch:** 17.5°

**Tiles per m<sup>2</sup>:** 9.6

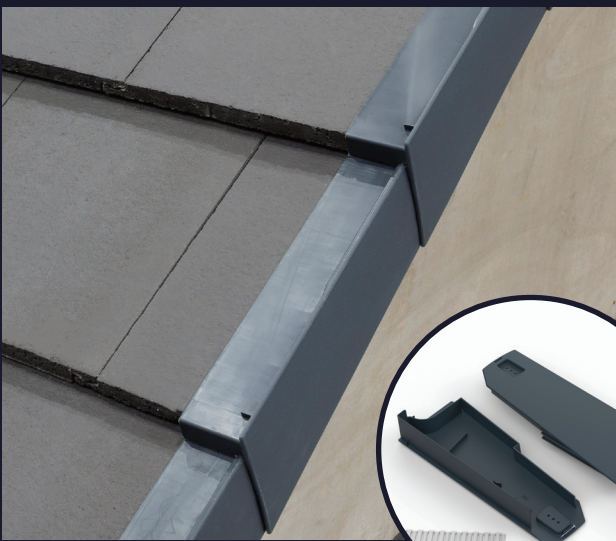

**Colours:** Dark Grey, Rustic, Terracotta Red, Light Grey, Brown

## Danum TLE Verge Unit

Exclusive new verge unit that is fully optimised for the Danum TLE tile, making installation quick and efficient.

- Primary fixing screws are now provided within each unit (secondary unit fixings not included).
- Increased coverage of each unit over the course of the verge tiles.
- A QR code on the verge unit provides access to installation information on site.

**Colours:** Dark Grey, Red Multi, Brown

## Sandtoft MultiClip - Tile

Our new range of tile clips are designed for ease of use, and quick installation.

- Removes the need for nailing altogether by hooking around the tiling batten.
- Improved design means faster installation on site.
- Improved compatibility with Sandtoft ranges - just 3 tile clips overall.
