

Piccadilly Place, Manchester  
Terca - Eindhoven Mixed Red Paver

■ Contractor:  
English Landscapes

■ Architect:  
Austin-Smith:Lord LLP

## ■ Piccadilly Place, Manchester

Echoing the earthy red tones of the industrial heritage of Manchester and the surrounding new-build complex, Piccadilly Place is the stunning central plaza of a landmark mixed use development. The incorporation of Wienerberger's Dutch Clay paving enabled landscape architects Austin-Smith:Lord to complete the scheme with a pallet of complimentary colours and textures.

The Wienerberger Dutch Clay pavers were also selected for their textural qualities: from the fine grain of the surface, through to the stretcher bond within a trapezoidal paving layout, which highlights its elongated geometry.
